

GUEST - DRESS CODE POLICY & LIGHTENING POLICY

At Sugar Mill Country Club, we strive to create an environment that is relaxing, yet worthy of our reputation as a premier private and family Club facility. With golf as the central offering of our Club, Members and guests are always expected to observe the rules of golf and to practice proper golf course etiquette.

The purpose of our Dress Code Policy is to provide members and their guests with guidelines as to appropriate dress when at Sugar Mill and utilizing the various venues of the facility. Members are asked to use good judgment in their attire decisions when at the Club. If you are unsure of the appropriate dress for an event, please contact the managing Director.

Appropriate golf, tennis, and workout clothing are acceptable. Blue jeans and denim are acceptable. If coming from the pool area proper cover-ups are required. Footwear such as flip-flops and sneakers are acceptable. Headwear is permitted.

Presentable denim and blue jeans are permitted if it is not torn, ripped, or frayed. If, however, the Sunset Lounge is full, and overflow occurs into the Main Dining Room denim will not be permitted in the Main Dining Room.

Main Dining Room & Ballroom – These venues call for “Country Club Appropriate” dressing (as defined below) including slacks, collared shirts, mock turtle or turtlenecks. Shirts must be tucked in unless designed for outside wear. Sport coats are preferred but not required. Headwear is never allowed. Denim of any color or blue jeans or shorts are generally not acceptable for the Main Dining Room or Ballroom. There may be exceptions to this rule; a good example is when events held in the Sunset Lounge require overflow into the Main Dining Room. LIGHTNING SAFETY POLICY

Ultimately our members and guests are the final judges of hazardous weather conditions before any alerts are sounded. They should seek protection at any time they believe there is danger from lightning. To assist in this determination, the Club has installed the Thor Guard Lightning Protection System. The System will automatically sound an alarm at the Clubhouse and at five remote locations on the golf course when lightning is in the area.

For anyone hearing or being informed of the RED ALERT: (one long sustained blast), it is mandatory that he or she leave the golf course, practice areas, tennis courts, swimming pool or any exposed area and seek shelter immediately in the Administration Building, Golf Shop, Clubhouse or at home.
